

TUCKAWAY SURFACE

Compact small LED IP20 profile

Antipodes LED specializes in customisation of LED profiles to the customers requirements. Tuckaway is a perfect lighting companion for lighting shelving, kitchen benches, display cabinets, under bathroom cabinets (night lights on a sensor) Pub or Bar overhangs at drinks service, bedroom side tables and any areas that a low profile LED can light. We use COB LED tape and colours range 2700k, 3000k, 4000k and 5700k. These are generally stocked in New Zealand and can be made for fast turn around for your clients requirements.
